For all volunteer positions

We will need two references to progress your volunteering/fostering application. Preferably one will be a professional/semi professional reference - for example a current or previous employer, another voluntary role or an education reference. The second reference should be a character reference from someone who has known you for a minimum of two years but cannot be a family member. If you have any questions or concerns about providing appropriate references please drop a note to staffordshirerescuescotland@gmail.com and we can provide further guidance. If you could provide e-mail addresses for any references that will decrease costs and also increase the turnaround time for your application however we can do reference requests by post if needed.

Once accepted as a volunteer, we have a very active Facebook volunteer forum. This is a closed group which keeps all volunteers informed of what is happening in the rescue. It is expected that you will check in with the forum, preferably on a daily basis. Are you able to do this?
